

Corporate Performance, Delivery and Scrutiny Board

**Priority 2: Cut Crime and Anti-social Behaviour
(including Performance Update)
June 2016**

ACC Lisa Winward
Local Policing

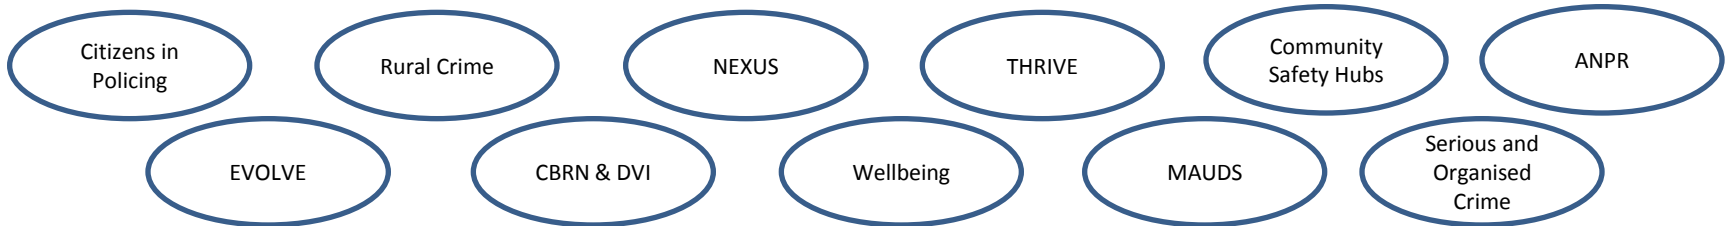

OUTCOMES

Individuals feel safer and more confident to report to the police , relevant agency or third sector	Communities are safer due to a reduction in demand	People are safer due to fewer individuals committing crime and/or antisocial behaviour	Communities are safer through regional and national services protecting communities	Communities are safer due to effective use of policing resources to reflect need	Communities are safer by having a productive policing workforce
---	--	--	---	--	---

PRIORITY 2 – CUT CRIME & ANTI-SOCIAL BEHAVIOUR - DELIVERABLES

Increased engagement and trust of local communities to report criminal activity and ASB	Demonstrated suppression of criminal activity and ASB through enhanced working with partners and other sectors	Demonstrated reduction in re-offending through enhanced working with partners and other sectors	Effective disruption and dismantling of organised criminality	Mapping of all public sector and third sector resources to meet current and known future demand	Demonstrated use of technology and partnership working to improve service to communities
---	--	---	---	---	--

KEY AREAS OF PROGRESS

PERFORMANCE MEASURES

MANAGEMENT GRIP

Live Crimes	Outcome to be applied (Report 20)	Forensic Hits Outstanding	24hr Compliance breach	Intel backlog	Pre-charge Bail
4967	700	202	74	80	752
Trend: Stable	Trend: Stable	Trend: Increasing	Trend: Increasing	Trend: Downward	Trend: Stable
<ul style="list-style-type: none"> Live crimes is an important control for accuracy of force management information. i.e ensuring the correct OIC & dept, correct finalisation procedure is followed, timely application of outcome. etc 	<ul style="list-style-type: none"> This refers to live crimes where an outcome could be applied and reported to the Home Office Delays in the undertaking of final review of crimes and giving confirmation on the OEL that the victim has been updated. 	<ul style="list-style-type: none"> Large jump in the last month 	<ul style="list-style-type: none"> Higher than previous months Knock on impact of offering victim support services 14 of the 74 in CMU queue for closure All areas except S/R having rising trends – most notably H/R and Selby 	<ul style="list-style-type: none"> 300-400 is norm Anticipated increase over summer holidays Direct Entry changes likely to have an effect. Low abstractions in team currently 	<ul style="list-style-type: none"> Rise in Fail bail in scarborough previously reported has reversed and is back within normal range. Sgt in CJU has identified housekeeping issues which have now been addressed. This QA work will continue and has boosted data quality of bail records

DEMAND - EXCEPTIONS

Key: A blue square for the crime type and geographic area means that over the three month period the demand is higher than normal. In some cases this is viewed as a positive.
