Mental Health

Occurrences involving a person(s) with a mental health qualifier

- There are significant increases in occurrences with Mental Health tags in the last 4 months.
- As of 1st April 2019, NYP adopted the new NPCC definition of Mental Health, this has given a clearer definition of incidents that have mental health at its centre. Leading to increased tagging of incidents and a better response for those occurrences.
- Incidents with a Mental Health tag have accounted for 10.1% of all incidents in the last 22 months
